- 

**Online Check-in:** Airline website usually have online check-in available which can be availed in requirement.
- 

**Baggage Drop:** Please ensure you arrive at the Check-in Bag Drop counter before it closes for document verification and to check in your baggage.
- 

**Emergency Exit:** Passengers occupying seats in the emergency exit row are required to adhere to safety regulations and fulfill necessary requirements.

Important Information:

This electronic ticket receipt / itinerary serves as your documentation for your electronic ticket and is an integral part of your contract of carriage. Your electronic ticket is securely stored in the airline's computer reservation system. You may be required to present this receipt when entering the airport or to demonstrate return or onward travel to customs and immigration officials.

We advise you to complete the check-in process 2-3 hours before your flight's departure time. Boarding typically commences at least 35 minutes prior to the scheduled departure, with gates closing 15 minutes before departure. Please consult the departure airport for any regulations concerning the transportation of liquids, aerosols, and gels in your hand baggage.
